

The Super Chief...

**Accuracy is the
Difference**

**...That Mirrors The Prototype
The Showcase Line's New Phase I F-7**

On the Ready Track for S Scale and American Flyer® Layouts

Not too long - just right for freight as well as dual freight/passenger service. These are the first injection-molded F7 A units ever produced in S. From a single A unit to an A-B-B-A combination, our F-7s are available with a choice of LocoMatic™ AC/DC sound, Soundtraxx™ DCC sound, or without sound for either AC or DC operation. These accurately detailed units feature appropriate "stainless steel" car body panels, see-through photo-engraved stainless steel grill, operating red & green classification lights, operating Mars light, full cab interior with 2 man crew and much more! For more information or to order The Showcase Line products, call 1-800-465-0303. The S Helper Service 2003 48-page 4-color catalog is available for \$3 shipping & handling. Visit our Website at:
